Welcome 2026

And to our 32 years in Business

Gentle Reminder to renew your driver's licence timeously . Then it must be collected within the prescribed time frame to ensure that it is not returned due to non collection .

Insurers also cannot process a motor claim without a valid current driver's licence .

If you have not migrated your old Kzn number plates to the new system , you may face penalties if either stopped by traffic officials or when renewing the licence .

Also you need to advise us to ensure the correct details are reflected on your Insurance policy

Plus have you told your Tracking company ? And asked for them to test the system .

Please note Policy Limits and /or extensions, plus excesses .

It is crucial you familiarize yourself with these when you receive your policy schedule .

Whilst Insurers offer certain extensions on most sections , there will be a limit and applicable conditions ;

For example Houseowners and geysers , if you use an Insurer's supplier they cover all costs , less your excess .

However if you elect to use your own choice of plumber the policy limit will apply .

Motor Towing , each Insurer has their own limits but better to phone us for guidance

When you move let us know or advise us of any information and changes that could affect your policy .

For example upgrading cell phones or electronic equipment . Home extensions or building work .
